ITALY'S FLOOD IS OVERSTATED
SALENNO, Italy, Mar. 29.—Late returns show the actual loss of life from the landslide in the Amalfi district to be less than was at first calculated. The blocking of roads and rail lines and the disturbance of the King and his Duchess by the flood, made it impossible for the King and his Duchess to reach the out-of-the-way villages which suffered the most, and both have returned to Rome after a comparatively copious and continuous relief.

The railway has been cleared as far as Amalfi, making systematic assistance easier, and four ships have arrived there with supplies of food, milk, bread and preserved meat.

Carabinieri and soldiers are still working in the district, discouraging the population to excavate their buried houses and see how those who fate is uncertain.

NEW FRENCH CABINET TO CONTINUE POLICY OF LEADER POINCARE

And Minister of Commerce Says One First Effort Will be to Bring Down High Cost of Living

PARIS, Mar. 29.—(By A. P.) The make-up of the former Poincare cabinet, both foreign and domestic, will be continued by the new ministry, it was declared by President Millerand at the Palais of the Elysee this noon. The President warmly congratulated the cabinet members who succeeded in grouping about him "the most brilliant personalities composing the cabinet. He added that the new government could be assured of the President's full collaboration on all occasions in conformity with the nation's best interests for the moment and the solution of the present situation.

Before calling on President Millerand to head his first official council, the premier informed his colleagues of the broad outlines which he intends drawing up the ministerial declaration to be read in the parliament at ten o'clock Monday morning.

All the ministers appeared to be in full agreement with the minister of commerce, said: "My immediate efforts will be directed toward bringing down the cost of living." The unanimous sentiment of the new government is to continue the policy of Premier Poincare, he said.

"That goes for internal affairs, as well as foreign policy," put in Minister of War Marjolin.

Francisco-Marxal, the minister of finance, declared the affairs of his ministry would be directed along the same line.

A second cabinet council was called for five o'clock this afternoon.

DAUGHTERS SEIZE PUPPET AS TO COURSE

Whether to go Further or Stop Question Now Before Committee

WASHINGTON, Mar. 29.—Taking up a passing notice of the Harry M. Daugherty's disappearance from public life, the Senate Daugherty investigating committee today tried to piece out details of the \$100,000 deal and heard hints of another.

By H. S. Scire, a former Department of Justice official, the committee was told that investigation into the Miteal Aircraft case, in connection with which Capt. J. J. Meena has testified, James M. Block, by A. F. Meyers, a special assistant to the attorney general, after it had been presented to the Senate.

Scire said he had been told by Guy D. Goff, then assistant attorney general, that the committee was retained by the Miteal Company.

The reference to the second \$100,000 transaction was made by Clarence Saunders, who testified that he had overheard a conversation in a hotel room in New York City in which Mortimer got \$100,000 from a party in Pittsburgh.

When the committee divided the remainder of the operation by Saunders of grocery and other stores under certain restrictions, it provides that the restraining order still applies to the trademarks and instrumentalities and were sold by the corporation several years ago.

Greenwood Bank in Wall-Campbell Bank Closes

TOLD BROTHER JUST BEFORE DYING WHERE MONEY WAS SECRETED

Relative Located Concealed Funds of Wealthy Allegany County Farmer in Three Different Places

GREENWOOD, Mar. 29.—(Special) One of the healthiest of money in a stone wall and was brother to find it on account of approaching blindness. Following the careful instructions of Udyke, the other paced off certain distances from a given starting point. A stone was removed from the wall and a cavity was disclosed containing a tin can in which was \$1,000.

Twice more the same process was followed. Twice more the stone wall yielded forth tin cans each containing \$1,000.

Then came death again. While Frank Udyke was at the barn attending to the stock, the blind man sat by the kitchen stove. When he came in he found the aged man dead in his chair. This was the end of the Udykes.

Udyke has sisters and brothers. One of the latter is a devoted member of the Latter Day Saints church, or Mormon church, which was the mainstay of a society at Greenwood. Many people believe that the bulk of his property would be willed to that church. But that has far to go will be found, and the bulk of his property has been made. This will leave the estate to his wife and children and sisters. Application is to be made to the surrogate of Allegany county to have the administration by the nearest heirs.

REVOLVER HUNTS COAL MAY PROVE UNDER GENOVA LINDEN CLUE

Dug up in Vacant Lot Near Home of Native; Name Not Given

BATAVIA, Mar. 29.—A .32 calibre revolver, believed to be the same model used in the slaying of Mr. and Mrs. Thomas A. White and Mrs. George Morse in the White house on March 11th, was dug up yesterday afternoon in a vacant lot on a house owned by a native of that village who has been questioned several times by the authorities investigating the case, according to an official report circulated in Linden.

Residents of Linden believe this to be a well-founded report and are glad that studies and developments will be made by the investigators soon.

Gideon Kettle, Jr., 24 years old, is still being held at the Genesee county jail. Detective John A. Doyle and District Attorney Waterman spent practically all of the afternoon yesterday grilling the young man in an effort to shake his story.

A new development has come up, which concerns Waterman and which makes the investigators more than ever determined not to release him. The fact is that it might be kept secret for the time being, because identification of the character of the tool would seriously injure the success of the investigation, says District Attorney Waterman.

TO HOLD INQUEST INTO DEATH OF RENOV MAN

RENOVO, Mar. 29.—An inquest will be held into the death of James J. Swain, 27 years old, who died at the home of his mother, of a broken neck, in an attempt to learn what caused the injury. Coroner John B. Bailey said.

Young Harvey was found by a borough policeman Monday evening, lying on Third street, apparently intoxicated. He was lying in the borough lock-up until Tuesday afternoon when he was taken to the home of his mother, where it was found that he was completely paralyzed. A physician found that his neck was broken. The young man was unable to tell how he was injured.

Sutherland, Turnbull & Co. Completes an Honorable Banking Career of Over Fifty Years

CAMPBELL, Mar. 29.—When the doors of the bank of Sutherland, Turnbull & Co. closed at noon today, it marked the ending of their banking business in Campbell. Robert C. Turnbull who is president of the Bath National Bank at Bath and also managing partner of Sutherland, Turnbull & Co. bankers at Campbell, has been dividing his time between the two places. The growth of the National Bank, which had deposits of seven hundred thousand dollars when Mr. Turnbull became its president in 1917 to the present total of a million and a half dollars, now requires more of his time, and so today he set out to close all the Campbell deposits, that commencing Monday morning, the National Bank would take over the Campbell business and operate it from Bath.

Campbell will miss the bank which has been one of the vital factors in the community life for 50 years. It has given its aid to all enterprises of a worthy nature and the bank was the first place to be consulted when transactions involving any material amount of financing was involved.

The Bank of Campbell was established in 1840 by Hon. George I. Sutherland who was a prominent financier of high integrity with banking interests in Campbell and New York City. Mr. Turnbull had his banking training under Mr. Sutherland a conservative banker of the old school whose employ he entered 25 years ago.

Upon the death of Mr. Sutherland in 1912, Mr. Turnbull organized the present firm, and immediately sent out notice to all depositors of the Bank of Campbell that they would pay all the deposits of the Bank on demand. The business has increased steadily and the banking service rendered by this firm has been on a par with that of large city banks.

Miss E. M. McCabe who has been assistant cashier at the Campbell bank for many years would also go to Bath and enter the employ of the National Bank, where she will have special charge of the business coming from Campbell and vicinity. Mr. Turnbull will continue his interest in Campbell community life and during the summer will occupy his pleasant home on Main street. The various estates and trust funds which have been under Mr. Turnbull's charge and supervision will not be merged with the Bath National Bank but will be continued by Mr. Turnbull personally.

MANSELD'S WINNING TEAM

Normal School Players Victory Over Northside in Game of Great Speed

The Northside High School five were unable to stop the rushes of the Mansfield team with one of the best of the team out. The local team started with a handicap of four points and were unable to get the lead a time all through the game. Kelly scored almost as soon as the ball was put in play and was followed by Brace ringing one from the center of the floor. The Northside High boys failed to get the range of the baskets for some time and when they had finally got their shooting eye they found a great deal of difficulty in keeping their feet on the floor which was very slippery, owing to the fact that it used as a dance floor as well as a basketball floor. This was a handicap to the Mansfield boys as well as to their opponents.

The Visitors Won, 34 to 22

The first quarter was played with considerable more speed than the ordinary run game but both teams seemed able and willing to go the pace to the end. The Northside High boys were in the best of condition and only the fact that they were not accustomed to the court stopped them from scoring on the Mansfield team many times. Lockwood was the first Orange and Black man to score, after he had dribbled the length of the floor and slid into a corner where he dropped the ball in neatly.

Hangerford scored a fine shot good and for a time it looked as though the visitors would run up a good sized score but after Broome had also made good a free shot the visiting team had finished scoring. The Mansfield team tried another rally at the basket and the N. H. S. tightened up their defensive and held them well in check the rest of the quarter.

The second quarter was run off at about the same speed as the first. The pace was beginning to fall before the whistle for the half blew. Both teams were going at nearly top speed.

The last half went at the same speed as the first, the only change being that the visiting team outscored the Mansfield team. The last few minutes were the North-

Former Bath Player Figures in News from Southern Training Camps

AMERICUS, Ga., Mar. 29.—Getting to Paddy Martin, south-py, for seven hits and six runs in the third and fourth inning here today, the Tribe knocked out the Reading Aces 5 to 4 to start a week's trip. Walter Heil and Alvin Crowder, the kid, Mase George Stallins had in the Hotdog nursery since February 25, held the All-300 hitting club. Spencer Abbott to eight blows.

Reading has signed Joe Brown, second baseman, to fill the berth left vacant by Hummond's jump to the outfield. Brown was with Betts Falls in 1921-22 and last season he played at Shamokin, Pa.

Brown is well remembered by many local fans, both in Corning and Bath. He played a season with the Babcocks and was a successful and popular performer.

side Heil's as far as scoring went. They ran up baskets with ease but could not overcome the lead which Mansfield had obtained earlier in the game.

An exceptionally good referee had the game and certainly gave both teams the best of decisions.

ACADEMY TAKES LAST GAME OF SEASON IN VICTORY AT OLEAN

C. F. A. Basketeers Win by Four Points in Clean, Fast Contest, Final Score Being 25-21

The Academy closed its season last night with a victory over Olean in a thrilling battle at Olean, 25-21. The score was tied at the end of the game, 19-19, but the Academy put on a sport in the extra five minute period and cashed three baskets, while only fouling their opponents only two fouls.

Olean played immensely better ball than they did here, and kept the Academy in the lead for the last minute of play, they were ahead. In that last minute, however, the Academy put on a big sport, and tied the score up.

PASSAIC TEAM STILL WINNING

NEW YORK, Mar. 29.—Passaic High School of Passaic, N. J., ran its world record to 149 consecutive victories by beating Christian Brothers Academy of Syracuse, champions of Central New York, 29 to 17, before 12,000 persons at a benefit game for the American Olympic fund last night. The Jersey boys led 18 to 10 at the end of the first half.

St. John's Academy of Brooklyn won from Hoboken High School, 44 to 29, in a contest which drew the largest club following. Hoboken won the New Jersey state championship last week in the tournament from which Passaic withdrew because of alleged discrimination.

TRAINING BASKETS

ST. LOUIS, Mar. 29.—With four days yet to go before the St. Louis American leave Mobile, Ala., on their exhibition tour, Manager George Stiller is working overtime with his players. Harry Rice, Frank Elmer, Gene Robertson, Sylvester Simon all look good, says Third base is still open.

LANINGBURG BEATS ELMIRA IN FAST GAME

Southern Tier School Loses Place in Championship Series, 20-18

LANINGBURG, Mar. 29.—Lansingburg High School won the final round of the New York State Public High School Basketball Association championship tournament here tonight by defeating Elmira Free Academy, 20 to 18, in a spectacular game.

Elmira took the lead at the start and was in the lead by 6 to 0 when the first quarter ended. Early in the second quarter, however, Lansingburg started out in front of a series of sensation shots made by the remainder of the game. Elmira's floor work was superior to Lansingburg's, but Elmira had their movements accurate in tossing at the baskets. At half time the score was Lansingburg, 14 Elmira, 14.

MCGRAW'S AXE FALLING FAST

NEW YORK, Mar. 29.—Six Giants told the ax yesterday afternoon when Manager McGraw of the New York Nationals cut his squad to 29 men. Four more will go before the end of the week, says Owner Jack Ruppert and Business Manager Ed Barrow are discussing similar terms for the Yankee camp until farms are found for the six "world's champions" who are ready to sell.

All of McGraw's roos left yesterday for the St. Thomas Church's Pittsford club springing, Florence, former Georgetown University pitcher, Walker James, a promising outfielder, Earl Webb, a pitcher with Pittsford last year, and a new infielder, who came from Portsmouth.

GAME PLAYED WITHOUT FOUL

An unusual game was played at Bath last evening, between the local club and the St. Thomas Church city and the St. Thomas Church team of Bath, in which there was not a foul called during the contest by the score of 30-32. The game was very fast although the ball never left the court, largely by the smallness of the court. Both teams played very closely, the contest being a hard one for the bathers in the lead. Although the Erie Nationals have not won a game this season they have shown a wonderful ability on their floor work but are very weak at shooting.

The lineup is as follows:

DEMAND FOR TENNIS COURTS ON INCREASE

According to an English publication, there will be built 372 grass and hard courts available for play in the public parks at Birmingham during the coming season. So great is the demand for the use of these courts, that plans are already being made to lay out from twenty-five to fifty more hard courts this season. Twelve regulations adopted by the Public Works Corporation, one in every six of these courts will be granted for the exclusive use of any body of not less than twenty players who, under certain conditions, were rented under this arrangement which includes a rental of approximately \$100 per year and a total revenue from such court courts was more than \$5,000. Portions of this revenue were used for upkeep and to meet the expense of new equipment and new court construction.

BABCOCK PLAYERS GO AWAY FROM BATH JOBS

BATH, Mar. 29.—Three star members of the Babcock-Elmer baseball team last season, are training here in Bath this year as "bon bats" have signed with other teams, and plan to leave Bath shortly. These players are Al Elmhing, a pitcher, who has signed with the Babcock's; "Dixie" Wright, a pitcher and "Butch" Worth, five-wire infielder. Elmhing has signed with a member of the pitching staff of the Mahoney City, Pa. team. Wright will go with Newark, Pa., while Worth has signed to cover last year for the Shenandoah team.

Uniform Measures Taken for Men Likely to Remain with Boston Team

BOSTON, Mar. 29.—Although forced to carry on without the services of Stuffy McInnis at first base, owing to a lame ankle, the Boston Nationals administered a 6 to 4 beating to the St. Louis Cardinals at the St. Petersburg, Fla., training camp yesterday. Manager Hancock has stated that no cut in the squad will be made until the club departs from the camp a week from Sunday but yesterday baseball writers at the camp were writing "dooms" stories as the result of the maneuvering of various players for uniforms.

Six outfielders measured for uniforms included Spangol, Cruise, Spicer, Nixon, Cunningham and Feltz. Bagwell, McGuire and Zimmerman were not favored. Of the infielders, McInnis, Tierney, Hanford, Smith, Padgett, Kellner and Harman were measured. Lane and Lester were not summoned.

McInnis, Nixon, Cunningham, McInnis, Lucas, Straker, Yeaglin and Lansing had their measurements taken, leaving out Batchelder, Kamp, Charles Barnes and Grassano.

YOUNG STRIBLING AND M'TIGUE FINISH WORK

NEW YORK, Mar. 29.—Mike McTigue, world's heavyweight champion and his youthful challenger, Young Stribling, Georgia school boy, completed their training grind yesterday in preparation for the exhibition contest at Curb, Pratt and Blue handled the play. Four Detroit players also pumpe out five home runs during the game.

McTigue's hip, which was split by Ted Jamison, Milwaukee mid-fielder, in a sparring match early in the week, has healed satisfactorily and the champion was ready to start his career. He weighed a bit more than 165 pounds after completing his work last night.

DEWEE LAID ELECT

DUNDEE, Mar. 29.—The boys' athletic association of the Dundee High School has elected the following officers of the newly organized base ball team: Captain, Dickson Shaw, manager, Edward Reilly; assistant manager, Philo Clark. The candidates for the team will be selected soon and they have been given a try out at the school this afternoon. Both the boys and girls of the school have a splendid basketball schedule for next season and have won a fair portion of the games played.

AFRICAN TENNIS STARS

THE South African Davis Cup team which will play in the European Zone this season, it is understood, will be composed of the following players: Raymond, Wilder, Richardson, Epigston, Condon an Hothouse.

SPORTING FANS UPON INCREASE

Question of How to Care for Crowds at Athletic Events Growing Problem

NEW YORK, Mar. 29.—How to care for the masses growing crowds that are being attracted to important national and international events is becoming a grave problem to the great number of organizations devoted to the development of interest in sports throughout the world. Experts do not agree as to why this interest in sports, both amateur and professional, has reached its highest peak in the history of all forms of athletics, although there are many who are convinced that it is due to the reaction from the World War.

Here in America the old baseball parks have given way to concrete stadiums, and in many cases these even now are inadequate to the crowds. The old college football grounds are no more. In their places have been constructed stadiums and bowls, some of which even now are inadequate to the crowds that seek admission to the more important better for inter-collegiate honors.

TIGERS IN ATLANTA

DETROIT, Mar. 29.—After six exhibition games with the Tigers to International, the Detroit Tigers are en route to Atlanta today to play the Atlanta team of the Southern League. Detroit defeated Toronto yesterday, 12 to 2, in a game featured by the first triple play for a major league team in the exhibition contest. Cobb, Pratt and Blue handled the play. Four Detroit players also pumpe out five home runs during the game.

CHANDLER GOING GOOD

CHANDLER, Mar. 29.—Larry Gardner, veteran infielder, continues to uphold his reputation as one of the American League's most timely hitters. Bating for George Metzler in the ninth inning yesterday, with one man out, Gardner singled in two runs and beat out Columbus, four to three.

WALKER GETS A 70

PIEHLER, N. C., Mar. 29.—Cecil Walker, Englewood professional, turned in 70 on the No. 3 course here today, playing in a four-ball match with A. S. Brown of Buffalo, Mass., and Joe Bydoek of Buffalo. Walker and Brown won with a best ball of 64.

Friday's Games at Syracuse Basketball Tournament Will See Two More Out

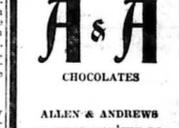

SYRACUSE, Mar. 29.—Lafayette High School of Buffalo will play Lansingburg High School of Troy for the basketball championship of the New York state public high school athletic association at Archbold gymnasium, Syracuse University, tonight. Of the 264 high school boys which started the campaign with the state championship in view, those two remain in the championship race.

The Buffalo boys earned their way into the final round by eliminating South Side High School of Rockville Center, L. I., in one of the closest and most thrilling games ever waged in the three years of state tournament history. The final score was 25 to 21.

Lansingburg went into the final bracket by defeating Elmira Free Academy by a score of 30 to 18 in a loosely played contest.

As a result of their triumph over the strong Rockville Center five, the Buffalo boys rule favorably by heavy odds to defeat the Troy team and win the state public high school court crown.

Farmers Have Been Incorporated by Absence; to Incorporate Company

COHOCTON, Mar. 28.—The farmers about Cohocton, most of whom come to this village much of the year with horses because of the unimproved roads, have been greatly inconvenienced in not having suitable places for hitching their horses.

This has been the case especially since the town voted against incorporation in 1915, as the hotel accommodations for this purpose have almost disappeared.

After considerable agitation of this matter and a partial canvass of the farmers of the vicinity, a meeting was held in Grange Hall Saturday afternoon, with between 20 and 40 persons present.

Wentworth was chosen chairman, Charles D. Wolcott, secretary, and definite plans were devised for building a hitch house under an act of incorporation for which the following men were selected: D. Lee Edmonds, Charles D. Wolcott, William H. Conrad, Christian Miller, Gordon Mann, Floyd Hector, John Wager, Earle C. Coye and Frank C. Kibbe.

Attorney M. A. McManus was directed to prepare the papers of incorporation as soon as possible under the name of Cohocton Hitch-Harn, Inc., and the building will probably be located in the rear of either the Warner or Stenben hotels.

Report on Survey Recommendations

Cutting Requirements in High School
Corning Latin students will be interested in the report and recommendations of a special committee of the general Education Board which has just completed its survey of the ancient language curricula in the public schools of this country. The committee has spent two and a half years in investigation and has recommended a shortening of the work required of high school pupils in Latin.

The committee has found that the first year Latin pupils attempt to cover about twelve months' ground in the work as they can take successfully. It is probable that the first year's work will be divided and approximately half of it carried over into the second year, so that the reading of Caesars will not begin until the fourth semester, in planning to cut five or about one-third. This subject comes in the third year of the high school course. Virgil will probably remain as the third year Latin requirement without change. The plan of the committee calls for the teaching of much more of the history and civilization of Rome and outside Latin reading in the first and second years.

Dr. Mason J. Gray, head of the ancient language department of the public schools of Rochester who has been a member of the investigating committee says that he believes that the teaching of Latin should be begun in the seventh grade of grammar school.

instead of in the eighth grade

of junior high school, as it is now being done. He also believes that the language should not be taught solely as a college requirement.

During the investigation 150,000 pupils were tested in more than 15,000 schools in this country and between 8,000 and 2,000 teachers participated in the examinations.

A committee of 15 from the general Education Board is now considering the report submitted by the ancient language committee and it will be accepted or rejected at a meeting to be held in New York City next month when hundreds of prominent educators will discuss the matter.

The streets surrounding the hall became so crowded as a dozen patrol wagons removed the prisoners that reserves had to be called out to maintain order.

A Wonderful Record

Established By Electric Utilities

In 1923 the electric companies of New York State broke all their previous production records.

More than one-seventh of all electricity used in the United States was consumed in the Empire State.

Seventy-five per cent of the population of the State lives in electrically-lighted homes, with three million electrically-operated labor-saving devices to add to their ease and comfort. Three hundred thousand electric motors increase production and lower costs in the industries of the State.

All this has not come about by chance. Good electric service at reasonable rates and the vision, initiative and efficiency of private enterprise in furnishing the service have made it possible.

BILL PROVIDES NEW HOSPITAL

\$750,000 Institution for Crippled Children is Proposed

A \$750,000 state hospital for crippled children in Oneida county is provided for in a bill introduced by Senator George H. Pearson of Syracuse.

The choice of a site for the hospital is left to the determination of trustees subject to approval of the state commissioner of health. They also are empowered to purchase the land and have charge of the contract, construction, and plans subject to approval of the state architect and state board of charities.

The new hospital is to contain beds for at least 200 patients, besides physicians, nurses, attendants and employees. All patients admitted must have been residents of the United States at least one year prior to the date of application for admission.

The measure authorizes the governor to appoint seven trustees for terms of seven years and requires them to serve without pay. Three are to be physicians. The bill also provides for construction on Long Island of a similar hospital. One million, five hundred thousand dollars is appropriated to the state for the construction. The measure was referred to the finance committee.

VALUE PURE BRED BULL IS SHOWN BY TEST

Washington, Mar. 29—A tubulation has just been completed by the Bureau of Animal Industry, United States Department of Agriculture, in which the records of 384 grade daughters of purebred dairy bulls were compared with the records of their dams.

The average yearly butterfat production of the dams was 209 pounds, and that of the daughters 315 pounds. The daughters exceeded the dams with a margin of only 106 pounds of butterfat a year, but the fact that they exceeded such high-producing dams at all speaks very well for the class of purebred dairy bulls that is being used in the cow-testing association herds from which these records came.

In this connection, estimates show that the average butterfat production of milk cows in the United States is only 160 pounds annually.

The records of the dams were arranged in five groups according to production of butterfat. These five groups averaged 100, 200, 300, 400 and 500 pounds, respectively. The daughters of the first or 100-pound group produced 74 pounds more butterfat than their dams. The daughters of the second group produced 85 pounds more butterfat than their dams. The daughters of the third group produced 96 pounds more butterfat than their dams. The daughters of the fourth group produced 107 pounds more butterfat than their dams. The daughters of the fifth or 500-pound group produced 118 pounds more butterfat than their dams.

From these figures we may conclude that good purebred bulls are needed for every dairy herd and that purebred bulls selected from very high producing ancestry are required when the production records of the dams are above 300 pounds of butterfat a year. As the average production of herds averages, better and still better bulls are needed to maintain and to increase production.

Painted Post High School Basketeers Invited to Chicago Tournament

PLANS UNDER WAY FOR ATHLETES' TRIP AS HONOR GUESTS

After Day of Many Rumors and Reports Official Action Insures School Team Coveted Prize

PAINTED POST, Mar. 23.—The offer of President Chase of the New York State High School Athletic Association to name Painted Post High school as the national basketball tournament, the coming week was accepted with thanks at a special meeting of the Board of Education of the local high school last night, and plans are under way to start the team on the Chicago trip Sunday night. the state association. The school board is arranging to finance the matter of carfare, if the good news doesn't prove too good to be true. The man without a country has nothing in fame on the basketball team without a court, which has represented Painted Post so well this season. The appreciative home folks are flying more flags in honor of the occasion than they do customarily on a legal holiday. Several of the citizens are trying to make it convenient to have business in Chicago the coming week.

Principal Hathorn, of Painted Post High School, brought the offer from President Chase, who he returned from Syracuse last night, and the board of education was immediately convened in executive session. President Chase had asked to be informed by wire of the decision of Painted Post acceptance, which was wired to him at Syracuse last night. Efforts to get President Chase by telephone last night were in vain, but the effort was resumed this morning.

RALPH SANFORD CONKLIN IS UNDER CHARGES NOT GUILTY

Snarl Starts Over Contest for Postmaster Appointment at Hammondport

WASHINGTON, D. C., Mar. 23.—An snarl has started over the contest for the appointment of postmaster at Hammondport, Rockwell County, which may cause trouble with Representative G. H. Stalker of Elmira and the county leaders who are confronted with the task of choosing the postmaster from among the eligibles.

Anticipating the expiration of James A. Moore on February 4, the civil service commission held an examination for applicants on the December 21. Five took the test—Postmaster Moore, Newman G. Loren, M. H. H. Bink and Ralph D. Sanford.

The commission had tentatively ranked Sanford highest among the eligibles. Then several citizens of Hammondport, who were on the commission charging that Sanford was a gambler. Other citizens heard of it and swamped the commission with letters endorsing Sanford.

The commission determined to sit the matter to the bottom and sent two inspectors to Hammondport a week ago to investigate each of the five candidates—Sanford, Moore, Loren, Bink and Sanford alone. The commission expects to complete its investigation this week and to make a recommendation of the three high eligibles within the next two weeks.

CONKLIN IS NOT GUILTY

Acquitted by Jury in County Court Following Trial in Hornell

A highly dramatic scene was enacted in the County Court room at Hornell yesterday afternoon when the jury in the case of George Conklin of Artpow, who was on trial for driving an automobile while intoxicated returned a verdict of not guilty after only five minutes deliberation.

There was a great deal of interest in the outcome of the trial because of the fact that Conklin was due to Conklin's intoxication. Following the return of the verdict Mr. Conklin excitedly expressed his opinion and was well as all of the court attendants.

George Conklin, the defendant was en route to Hornell on the afternoon of July 1 to attend a ball game. He was driving a large powerful car and had an occupant his son and George La-horre, aged 15 years. The car failed to make an abrupt right angle turn in the road and the car went into a ditch. Conklin escaped with minor injuries while the two boys died within a short time.

ALLEGED CHILD IS MISTREATED

Three Year Old Floyd Lewis of Galeton is Put in Orphanage

WELLSBORO, Pa., Mar. 23.—Public indignation aroused because of complaints made by the Children's Aid Society of Galeton, estimated the issuance of a writ of habeas corpus in the case of three year old Floyd Lewis, the only child of Elmer and Lulu Lewis, of Galeton.

The little boy was taken from the Blossburg hospital where he was receiving treatment and brought into court here Thursday for examination. Several witnesses were called to testify in the child's behalf, all of whom told stories of gross neglect and abuse. His removal to the hospital was because of severe burns sustained either through neglect or deliberate intent, with no attempt made to heal them. At the end of testimony given, the court directed that the child be taken from his parents and placed temporarily in the Harrison Valley Orphanage, from which place the Potter County Court will later place him permanently.

FINE PROGRAM BY HARROWER

Former Tioga County Man and Miss Jean Hannon Show Faultless Technique

WELLSBORO, Pa., Mar. 23.—Discriminating music lovers experienced a rare treat Thursday evening when they were privileged to listen to the splendid program presented in the Bache Auditorium, under the auspices of the local Nursing Association, by Curtis Harrower, pianist, and Miss Jean Hannon, soprano, who were accompanied by Mrs. Curtis Harrower. In the memory of this generation, at least, no artists of like caliber have been heard here and this came about solely because Mr. Harrower is a Tioga county boy, who was born in Artpow, and has delighted in giving back to the people from whom he sprang, the wealth of his attainments. The generous sprinkling of relatives, neighbors and friends in last evening's audience included his father and grandfather.

Miss Hannon is a coloratura soprano, whose voice has a flute-like quality, an unerring trueness of pitch and a range and flexibility that few singers in any age possess. To enhance these natural gifts, she has an intelligence and piquant charm that enthrall her hearers.

The most one can hope to get from repeated renderings of familiar classics such as made up Mr. Curtis' part of the program, is an individual coloring of interpretation and this is what happened last evening in every number presented. A faultless technique, tremendous power and daring, tempered with a fine restraint, characterized his playing. His encores and his exquisite accompaniments made a striking contrast to his big numbers and show his great versatility.

"He was born with the gift of laughter and a sense that the world was mad." So they said of Andre-Louis Moreau, son of the French nobility, who became Scaramouche, the clown, whose laughter mocked his enemies and whose madness inflamed the world.—Not in all the pages of fiction is there such a glowing daredevil character as RAFAEL SABATINI's creation of "Scaramouche," and not in the history of motion pictures has there been such a production as the photoplay from the Sabatini novel.

INJURED MAN TO RECOVER AFTER RAID

No Report Yet on X-ray to Determine Condition of Shoulder Bone

Albert Pottinger, the Elmira man who was painfully injured Thursday night when he was struck by an automobile driven by Gilbert R. Gates, of Syracuse, and who is now confined to the Corning hospital, was reported this noon as resting comfortably. An X-ray was taken yesterday to determine whether the man had sustained a fracture of the shoulder and Dr. E. H. Hutton who is attending Mr. Pottinger said today that he had not received any report as yet. Although Pottinger is badly bruised and cut about the head and body his ultimate recovery is expected.

ARREST ROWE AFTER RAID

Break Bottles Containing Evidence But Officers Get Some Samples

Continuing the work of cleaning up the existing illegal conditions said to exist in this city, a raid was made yesterday afternoon about 4:30 o'clock at a resort at the head of Baker Street on the property known as Sebring Park, conducted by Bert Rowe, the raid was made by a Federal officer accompanied by Detective Broderick of the Corning police. The proprietor of the place managed to break several bottles of the alleged wet goods before the officers could complete their search. Several samples of whiskey were secured, however. Rowe has been held under bond of \$1,000 which he has been unable to raise and is now being detained at the police station here. If he should be unable to raise the bail he will be taken to Bath this evening.

Mrs. Anna Novak, a nurse who is caring for Mrs. Rowe, stated this afternoon that the officers did not secure any liquor at the place with the exception of a ounce of whiskey ordered by a physician for Mrs. Rowe, who has been ill.

APPEAL TO CORNING FOLK TO AID DRIVE FOR CHARITY CHEST

Campaign Will Be Conducted April 7-9
to Raise \$30,000 for Hospital and
Social Service Society

April 7 marks the debut of the 1924 Charity Chest drive in Corning and for the three days, April 7, 8 and 9, all Corning is urged to support the campaign through which funds are raised for the maintenance of the city's necessary philanthropies.

The Board of Directors of the Corning Social Service Society, complaints of all nature in regard to police, service conditions, etc., and pledges to investigate, through the complaint thoroughly. We are glad to give information about policies and rules. Our staff wishes to render the best of service. Help the staff, help the hospital, help the patient, help your city; by frankly coming to members of the board and telling them of inadequate service and mistakes.

The directors of the Corning Hospital are: William M. Corning, W. H. Killgrew, Thomas J. Barker, Marvin O'Leary, Mrs. J. V. Heibiger, Mrs. William Sinclair, Mrs. A. B. Maitly and W. A. Underhill.

The bulletin also covers briefly some of the work which the Social Service Society does for the city. The Social Service Society, too, will share in the fund-raising campaign. The Social Service Society is organized in the spring of 1913.

"During 1923, the directors of the Social Service Society, through the Corning Hospital charged off, rendered in time of sickness and need. We consider this charity. It is our duty to see that the payment of bills must be made before a patient is admitted.

RURAL COMEDY PLAY TUESDAY

To Be Given as Hospital Benefit
at Methodist Recreation
Hall

The rural comedy play, "Uncle Ephriam's Summer Boarders," in three acts to be presented next Tuesday evening in Recreation Hall of the First Methodist Church promises to be a novelty entertainment of a most enjoyable nature. It is sure to make a big hit.

The parts are all taken by home talent people, many of whom have appeared in numerous other local productions and are well known to all Corning people.

The play has a tremendous amount of good fun. It has an abundance of wit and humor and clever songs. The situations of the summer boarders who are spending the summer months "Down on the Farm" are extremely funny. The play is for the benefit of the Corning Hospital.

Among those from here planning to go to Chicago, Ill. for the national basketball tourney are: Mr. and Mrs. Harry Barr, Mr. and Mrs. Homer Smith, Miss Barr, Gertrude A. Bentley, Francis J. Durkin and Miss Barr.

NEWS NOTES OF STUDENTS AND GRADUATES

Meeker's Business Institute, Elmira, Furnishes Interesting Items Today

Positions, Promotions, Social and Personal Happenings of Interest Here

Mr. Leon Keenan of Corning, N. Y., was elected to the position of a Durose, Pa., from Mr. Keenan as a graduate of the Secretarial Course.

Several of the members of the faculty are arranging to attend the annual convention of the Association to be held at Hotel McAlpine, New York City, during the Easter week vacation.

The Easter vacation will be from Wednesday, April 15 to Monday, April 21. As this vacation occurs during the Easter week vacation, it should plan to be absent only on vacation days.

The Assembly Friday morning was in charge of Miss Esther Parnell. The program was as follows: Spangland-Banner—School Orchestra—Selections.

Mrs. Adria Drake who has been at the head of the Spangland Department of Meeker's Business Institute for the past six years has become so skilled in the instruction of young men and women in shorthand, that nearly one fails to understand or succeed in the work. A course embodying shorthand is just as easy to follow as any other course that may be pursued. The universal demand for Stenographers and Typists and the ease by which it may be accomplished, makes our Stenographic Typing and Office Training course very popular. Much success after the young men had women of the Institute in shorthand, this course is always in demand.

Takes Over Bank of Sutherland, Turnbull & Co., at Campbell

Beginning Monday, March 31, the business of the Campbell Bank of Sutherland, Turnbull & Co., will be in charge of the Bath National Bank and its affairs will be operated from Bath. The bank at Campbell will be closed.

In joining forces with the strong Bath National Bank we believe we are doing our depositors a distinct service. The facilities for service will be greater at Bath than has been possible at Campbell. The courtesy and friendliness will be as great since the affairs of the bank will be in the same hands.

Miss E. M. McCabe who has been assistant cashier of the Campbell bank will be in charge of business coming from Campbell and vicinity patrons at the Bath National Bank.

The estates and trusteeships which have been under the supervision of Robert C. Turnbull, president of Sutherland, Turnbull & Co. and of the Bath National Bank, will be continued under his personal supervision as in the past.
